

Flote

Share whatever flotes your boat

People are jumping ship from mainstream social platforms and looking for kinder waters. Flote is a crypto social network without the big tech censorship - where members earn token rewards while building meaningful connections.

Share content and communicate freely

Monetize and earn more with cryptocurrency

 Comment

- Only 21 million tokens are available following the same distribution rate and halving events as Bitcoin
- \$FLOTE is an ERC20 token with low fees and fast transaction times thanks to our Polygon layer-2 integration
